

At Mid Sweden University, it is possible to publish the thesis in full text in DiVA (see appendix for publishing conditions). The publication is open access, which means that the work will be freely available to read and download online. This increases the dissemination and visibility of the degree project.

Open access is becoming the norm for disseminating scientific information online. Mid Sweden University recommends both researchers and students to publish their work open access.

I/we allow publishing in full text (free available online, open access):

- ☐ Yes, I/we agree to the terms of publication.
- ☐ No, I/we do not accept that my independent work is published in the public interface in DiVA (only archiving in DiVA).
